NR 27 | 14 MAY 2014

Over the coming period we shall be presenting jewellery by three artists who are new to Galerie Ra: **Rebekah Frank** from the United States, **Sophie Hanagarth** from Switzerland and **Nils Hint** from Estonia. Bold design, use of steel and iron, and forging techniques are the factors which connect their work.

You are cordially invited to the opening of this exhibition, attended by the three artists, on **Saturday 24 May** from **4 to 6 pm**.

exhibition

Rebekah Frank

24.05.14 - 12.07.14

Rebekah Frank creates wire and chain necklaces that define inner and outer spaces. Flexible drawings which conform to the body when worn, their hard materials morphing into a flowing, undulating play of lines.

Sophie Hanagarth

24.05.14 - 12.07.14

Sophie Hanagarth, *winner of the Françoise van den Bosch Prize 2014*, coerces red-hot iron into robust, almost aggressive yet sensual forms. Their physical ambiguity is denoted by titles such as French Kiss and Lipstick.

Nils Hint

24.05.14 - 12.07.14

Nils Hint transforms iron tools and everyday objects into caricatures and shadows of themselves. His combinations of these form humorous, surrealist narratives that are open to interpretation.
