**Réka Fekete**  
*A Dance of Light and Shadow*

The latest collection of Réka Fekete was inspired by Bauhaus. She experimented with different ways to link separate elements into sinuous, flowing lines – chains – to make necklaces. The complex, partly coloured links are compositions in themselves, and combined they find a playful equilibrium. When worn, the surfaces, lines and colours ‘dance’ and seem to caress the body.

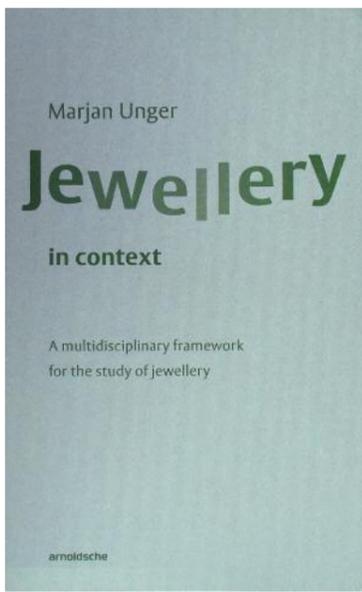

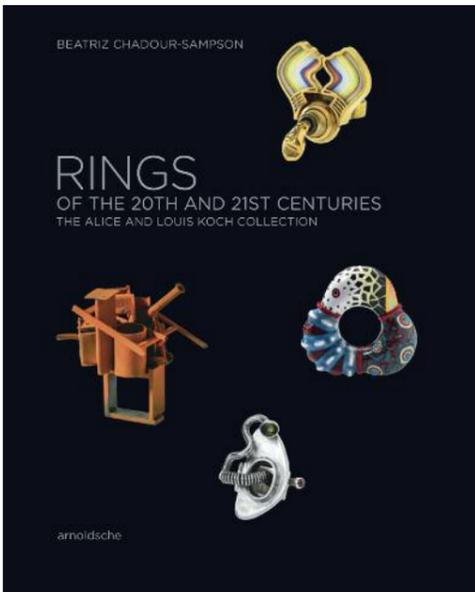

Simultaneously with Réka’s exhibition we will bring a tribute to the artists currently represented by Ra, titled *FINAL PARADE*.

After 43 years, 3 locations and about 400 exhibitions, Ra Gallery will close down on December 21, 2019. We want to express our deepest gratitude to the artists and our collaborators, relations, customers and visitors. Through their efforts, commitment and support, our gallery gained recognition and became a success.
